

April 12th to 19th are the Days we Celebrate

AS Gingham Week

So important a role is played by Gingham, that "Gingham Week" has become a National event.

Gingham frocks and Aprons have long been popular but Fashion now declares that even neckwear, separate skirts, draperies and chic parasols of Gingham are to be the vogue.

To the Voters of Curry County

Owing to my long spell of sickness last Fall, in which I was confined in the hospital for two months, I have not as yet gained sufficient strength to drive my auto day after day in making a house-to-house canvas for the office of Commissioner of District No. 2, Melrose. And owing to the further fact that I have held this office during 1917-1918, and most of the voters of Curry County are personally acquainted with me and know my methods of doing business, I don't deem it necessary to see all of you personally, but take this method of placing my candidacy before you and soliciting your support and influence in my behalf, at the Democratic primaries to be held April 24, 1920.

If elected, I promise to use good sound judgment and discretion, as I have always done in the administration of the County affairs. My position has always been to use all the economy possible, compatible with common sense, progress and development. In the last election, my opponent, Mr. G. W. Ryle, and his friends, took the position that I had been extravagant with the County's money, and high in my tax levies. They promised the people that if he was elected, he would reduce their taxes. LOW TAXES and LESS EXPENDITURES was his sole platform. He made the people believe that he could and would reduce their taxes, if elected, and defeated me solely on that platform.

I now submit the results:
In 1917 the County taxes under my administration: \$112,937.18
Totaled
In 1918, under my administration

the county taxes totaled \$113,157.20

In 1919, under Mr. Ryle's administration, totaled \$214,408.40.

During the same three years the State taxes which are assessed by State officials, for Curry County totaled—\$53,732.00

State taxes for 1918—\$55,211.45
State taxes for 1919—\$61,335.73

Here are the proportions:
During the period from 1917 to 1918, under my administration the County taxes increased less than 1-5 of 1 percent and the state taxes increased a little more than 2 percent. That is the State taxes increases ten times as fast as the County taxes.

During 1919, under Mr. Ryle's administration the County taxes increased 89 percent, while the State taxes increased only ten percent. That is the COUNTY TAXES INCREASED NINE TIMES FASTER than the State taxes. That is, under my administration the State Taxes increased ten times faster than the County taxes, while under Mr. Ryle's administration the County Taxes increased NINE TIMES FASTER than the State taxes.

I submit these facts and figures to the candid public, many of whom voted for Mr. Ryle last year, believing that he could and would reduce your taxes. I'm not running on a low tax promise. That is always bunco to catch votes. But Mr. Ryle cannot bunco you into voting for him anymore on that platform, either, under the facts of his administration.

I do promise to be as economical as possible, compatible with the best interests of Curry County.
